

## AP Physics B, C

### AP PHYSICS B, C

The summer assignment has several deadlines throughout the summer and each requires you to be active in Microsoft Teams.

If you did not make the meeting before exams please email me so you can be added to the appropriate team.

You should download the Microsoft 365 Application Suite from

[MICROSOFT PORTAL](#) for your home computers. ( This is provided by Mainland free of charge)

Use your school password and login and download.

In addition, you should download the Microsoft Applications for your phone.

There are 2 main purposes for the summer assignment,

1. To gauge student thinking and access skill level.
2. Introduce working in OneNote and Teams

EMAIL Mr. Crane at [Jcrane@mainlandregional.net](mailto:Jcrane@mainlandregional.net) if you have any questions.
